About Bitcoin

Bitcoin is a **cryptocurrency**:
Send, receive and store money via a
desktop or mobile wallet.

No country or corporation controls
Bitcoin. It's a decentralized open
source network run by volunteers
worldwide.

People have been using Bitcoin to
send money and buy products for
years.

Accept Bitcoin in your business,
gain new customers and join the
growing **Bitcoin circular economy**.

*Sending and
receiving Bitcoin
is as easy as
clicking a button!*
